## SAGAMORE GARDENS

DR. SHIRLEY S. SHATTUCK

GROWER OF

Up-to-the-Minute Pahlias - None Better

162 ELM STREET EVERETT. - - - MASS.

VISITORS WELCOME TO MY GARDENS AT SAGAMORE HIGHLANDS, CAPE COD.

# .. Greetings 1931 ..

N PRESENTING my sixth annual catalogue I again thank you all for your continued patronage. I have many satisfied customers that have bought each and every year from me. My roots have given satisfaction where ever grown. They are not forced at all and are not grown for show purposes. They are field grown and are allowed to mature in the ground as I plant early and have a late frost at my gardens. I will be pleased to give any one reference in regard to the results obtained with my roots and plants. I sent plants to the western coast last year and they arrived in perfect condition. This party has just written me and says that the plants made fine clumps. Another of my customers in Michigan writes that her plants made just as big clumps as did her roots. So if you wish good results just try my plants for once.

The past season was very dry and a great many growers lost a great deal of their stock. Pennsylvania and Ohio were hit very hard by reports. My Dahlias never had any better blooms than this year, but they were a little late. We had no rain from August 24th until the frost arrived. My Dahlias were saved by the heavy dews and fog from the ocean which we had most every morning. My gardens are located within 200 yards of the salt water and I was able to harvest a fine lot of roots on most all my varieties I have added a number of new varieties that I took a liking to and some that I bought I have discarded as they were not up to

the standard they should be.

The past season with all its heat and dryness did not bring the insect pest at all. This was the best year I have seen since I grew Dahlias as far as bugs were concerned. We had just a few ants and that was all.

Remember Cape Cod roots are hard to beat. I destroy all runts and stunts every year and if a plant does not show full developement we discard it. I ship roots and plants all over the United States and Canada and a few roots abroad.

I have about 800 different varieties but space will not allow me to catalogue them all. Each year I visit a number of gardens

and try to grow most of the outstanding new varieties.

I wish to thank you all for the wonderful business you gave me this past year and I hope I may merit your continued patronage. Honesty and a square deal is my policy. With the very best of wishes to you all and a great season for 1931 I beg to remain.

Most Sincerely,

DR. SHIRLEY SMITH SHATTUCK . SAGAMORE GARDENS .

### **NEW INTRODUCTIONS FOR 1931**

SAGAMORE PRINCE (DEC.) WINNER OF CERTIFICATE OF MERIT AT STORRS' IN 1929. JUST RELEASED.

HE color given at the trial gardens was carmine blended with rose red, back of petals almost cream color. The first flower comes in the crotch, the rest of the flowers have good stems. Size of the flowers seven to nine inches, depth two to three and a half. Height of plant three and one half feet. It is a late bloomer, making it come in just fine for the shows. This flower is well tested as I have grown it five years. It is one of the best flowers to keep that I have in my garden. Only a few to sell this year.

Roots \$10.00 Plants \$5.00.

#### RED JACKET

This is a new decorative seedling that was well liked by most of those who visited my gardens this season. It has a good stiff stem, flower seven to eight inches, full and deep. Color is about the red of a veteran fireman's jacket. This has been on trial for the past three years and has grown larger each year. Height of plant is three and one half feet. No red on the market this color.

Roots \$7.50 Flants \$3.75.

#### **SUNNY DAYS**

Another fine decorative that I am releasing this year that has proved its worth in the past five years. It is a light yellow with an orchid pink edge. The flowers are grown on a very long stem and blooms average about eight inches. It is a profuse bloomer and keeps well. Roots \$7.50 Plants \$3.75.
